Up to 12 Hours

1. Futureproof Processing

Low power usage and responsive software is provided by the latest **Intel® processor**.

The extra performance makes highly graphical classroom projects run smoother so tasks are performed quicker.

2. Military Grade Durability

The **Military Standard (MIL-STD 810G)** tested, impact-resistant body stands up to daily wear and tear. It can take a **60kg weight**, the shock absorbent bumper and reinforced design protect components and it can **survive drops from 122cm**. The unique drainage design means **330ml of liquid** can be spilled over the keyboard.

3. All-Day Productivity

With a battery life of up to **12 hours**¹, this Acer Chromebook is designed to stay at your side for the entirety of the day. With a battery that's been designed to work all day on a single charge, the charger can be left at home so students have less to carry around.

1. Battery life may vary depending on model and configuration.
Based on Google power_LoadTest.

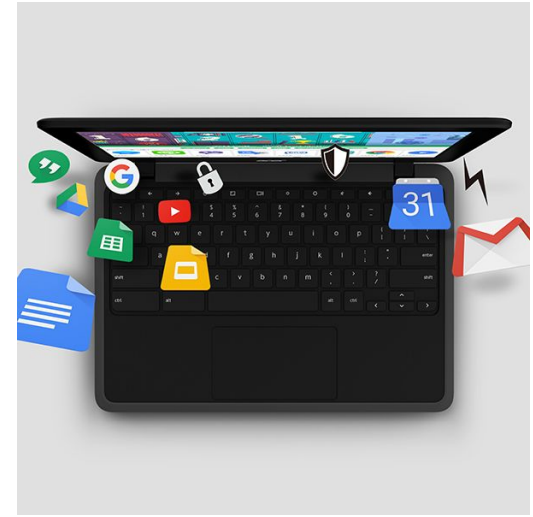

4. The Power of Wireless

A strong, consistent wireless signal is provided by the **Intel® Gigabit Wi-Fi** and strategically placed 802.11ac wireless antenna with **2x2 MU-MIMO** technology. MU-MIMO (Multi-User Multiple-Input and Multiple-Output) is a standard that offers faster wireless speeds and can handle more wireless devices at once.

5. Stay in Touch

Whether video conferencing or talking to friends on Hangouts™, be seen clearly with an HD webcam. Stop crowding around the laptop and let more of the room be seen with a **wide 88° viewing angle**.

6. Polished Performance

Fast boot times, ease of use and tough security are some of the advantages of Chrome OS. A fast boot time gets you working quicker, the simplified interface is easy to learn and built-in malware protection stops viruses. There's also ready access to more than 2 million Android™ apps on **Google Play™**.

Key Differentiator

ASTM Toy Safety Standard

To protect the youngest of children from harmful electrical hazards and other potential threats this Acer Chromebook has been certified to meet the conditions of two toy safety standards: UL/IEC 60950-1¹ and ASTM F963-16².

1. Acer Chromebook 311 is designed and tested to meet UL/IEC 60950-1 safety standard, investigated by UL 696 safety electric toys and meets the ASTM F963 toy safety for kids over 3 years old. For more information visit:

<https://www.astm.org/Standards/F963.htm>

2. Plastic coatings used on Acer Chromebook 311 surface have been strictly tested and certified under ASTM F963-16 Toy Safety Standard and Consumer Product Safety Improvement Act (CPCIA) of 2008. For more information visit:
